

## Dr Jasmin Schulz

Dr Jasmin Schulz is Strategic Programme Lead at Luxembourg Institute of Health. After completing her DPhil in Clinical Medicine at Oxford University, she worked in Medical Communications and as Project Manager for UK's 100,000 Genomes Project. She was responsible for the coordination of Phase 1 of the Large-Scale SARS-CoV-2 testing in Luxembourg. Dr Schulz is currently coordinating the European Clinnova initiative, aiming at enabling cross-border digital health innovations.
